#### Hints and features:

- The Maglift non marking is a modern, solid tyre for use on forklifts in areas sensitive to dirt and dust, such as in the food industry
- The special rubber compound does not contain any soot particles and therefore leaves no traces or dirt on the floor
- Its structure with a high-quality, triple layer rubber compound provides smoothness and ride comfort
- Four steel ring packages in the base rubber compound ensure optimal, solid fitting to the rim
- Its tough, cut- and heat-resistant tread compound ensures even wear and high mileage
- All Maglift solid tyres are built in such a way to dissipate static charge from the vehicle
