Hints and features:

- The Alliance 885 was developed for balers, grain wagons, cultivators, small agricultural trailers and similar towed vehicles.
- The rounded tyre shoulder and large contact area protect crops and soil from damage.
- The large lugs in the middle of the tread provide comfortable handling during transport journeys.
- Its low rolling resistance reduces fuel consumption.
- Thanks to the reinforced sidewall and the strong casing with steel belts, the tyre is optimally protected against damages.
